

COMMERCIAL

PROJECT

New two-storey mixed-use commercial development and refurbishment of Grade II listed buildings

BUILDING SIZE

980sq.m

CONSTRUCTION COST

£900,000

DATE COMPLETED

July 2001

DESIGN SUMMARY

This mixed-use development in the centre of Marlow comprises a new two-storey restaurant and office building, plus a two-bedroom flat, and the refurbishment of a Grade II Listed retail building fronting on to Spittal Street.

The design of the new building incorporates a brick-clad steel frame, aluminium curtain walling and with a projecting curved roof over the glazed staircase enclosure to express the entrance to the offices. The new building is contemporary in detail and combines well with the listed frontage buildings.

The scheme was developed in close consultation with the Local Planning Authority and with extensive use of 3-D computer realisations during the feasibility/outline proposals stage of the project. The project won a regional building award.
