PROJECT

Two-Storey Side Extension, New Entrance & Internal Remodelling

DESIGN SUMMARY

Our client had lived in this speculatively designed detached property for a number of years and wished to add their own stamp and identity to their home. Lapd were appointed to 'lift + revolutionise' the image of the house and create additional accommodation.

A new master bedroom was added with a juliet balcony and a glazed elevation providing stunning views over the Chiltern Hills. Ensuite bathrooms were added to all bedrooms and living accommodation enhanced to the ground floor with a new family room/kitchen and glazed sliding folding doors leading out to the landscaped garden.

A dramatic new entrance was incorporated and has resulted in turning a pedestrian house into an individual and state of the art home.

The front porch was constructed with an exposed oak frame and triangular glazed gable that creates a dramatic vista, particularly at night.
